# Tribal Veterans Services

\*\*\*\*\*

The tribal Veterans Services Office serves the veteran community of the Seminole Nation of Oklahoma.

We are here to assist veterans, the tribal members who have previously served in the military or who are currently serving in the U.S. Armed Forces. In addition, we are here to help the families and dependents of veterans as they have questions and need guidance with veteran family benefits.

In our office, we serve as a liaison between the federal and state Department of Veterans Affairs and the Seminole Nation of Oklahoma.

This office serves as a point of contact and as an advocate for Seminole Nation veterans and veterans' families about any issues concerning potential VA benefits or entitlements.
